Sale Description:

ESTATE SALE BY ROADRUNNER

Thursday May 19, Friday May 20 and Saturday May 21 7 am to 2 pm

Follow signs from 31st Ave and Cactus

High End, best quality, great condition. This sale has it all. The house is packed so full we can't possibly get it all out at one time so we will have a second sale at a later date which is not known at the present time. This house is full of collections which began over 50 years ago and many items were antiques at that time. There is an enormous collection of frogs made of every material imaginable – there must be at least 200, some inside and some out. Beautiful large antique desk and a very old and very beautiful antique walnut faux marble top carving/side table which measures 8 feet long and will need strong men to move it. King size mattress and box springs, 40" Samsung LED TV 1080p, Kitchen is stuffed full, multiple sets of dishes from the eclectic to the classic, wooden decorator boxes from antique to new in every type of wood, size and shape, so many wrought iron decorative pieces inside and out I couldn't begin to count them all and they are stunning – lots of them are frogs! Baskets – old baskets, some quite large and mint. Fine purses and mantle clocks. Wood decoys and a display of more than 20 pieces of coral ranging from 8 ounces to 3 or 4 pound each. Patio furniture and a 4 year old stainless steel side by side refrigerator with ice and water in the door. Hand tools and power tools, nice ones, most of them new from a nice drill press on down to a sander and all others in between. Several different types of power saws, router, a big polisher, just lots of power tools. Hand tools could not be listed there are so many. Could not begin to name all the things in this sale. What I can tell you is this is not the typical porcelain and glass collectibles. There are tables and tables full of desirable, unique, interesting smalls along with all the furniture and other items mentioned. See pictures, stop by and have fun. Joyce and Brad
